

250 General Purpose Masking Tape

DESCRIPTION

Economical creped paper tape suitable for light duty masking, bundling and holding under a wide range of conditions.

FEATURES

- Crepe paper backing, rubber impregnated for strength and durability. High tack, natural rubber adhesive engineered for good adhesion to diverse surfaces.
- The #250 has a good shelf life, resists water, solvents and oil and has ultraviolet resistors, which stabilize the product and prevent degradation. Note: The #250 is not designed or guaranteed for exacting industrial masking, spray painting or oven baking applications.

PHYSICAL PROPERTIES

Color	Natural
Thickness	5.0 mils
Elongation	9 %
Tensile Strength	19 lbs. / in.
Adhesion to Stainless Steel	28 oz. / in.
Application Temperature Range	32°F to 160°F

The physical and performance characteristics shown are averages obtained from tests recommended by ASTM, government agencies or our own procedures. A particular roll may vary slightly from these averages and it is recommended that the purchaser determine the suitability for his own purpose.
