

275 SERIES GREEN 7 DAY CLEAN RELEASE PAINTER'S MASKING TAPE

DESCRIPTION

275 Series is a Painter's Grade Masking tape with a specially formulated Blended Solvent Based Rubber Adhesive system that provides clean removal characteristics and UV resistance – up to 7 days of outdoor exposure on most surfaces. However, it must be tested for each specific application & conditions.

FEATURES

- Flexible and conformable for curved and angled masking jobs.
- Tape is solvent resistant to prevent bleed through.
- The unique adhesive provides slightly higher tack and adhesion to handle industrial applications that require stronger hold or adhere better to textured surfaces.

PHYSICAL PROPERTIES

Color	Green
Adhesive Type	SB Natural Rubber Blend
Total Thickness	5.4 mil
Tensile Strength	18 lbs/in
Elongation	4%
Adhesion to Backing	18 oz/in
Temperature Resistance	185°F for 30 minutes

The physical and performance characteristics shown are averages obtained from tests recommended by ASTM, government agencies or our own procedures. A particular roll may vary slightly from these averages and it is recommended that the purchaser determine the suitability for his own purpose.
