

IRRIGATOR PVC DRAIN TILE TAPE

DESCRIPTION

Irrigator Drain Tile Tape is a general use 8.5 mil black polyvinyl chloride tape with pressure sensitive adhesive. It is specifically designed to connect and join elbows, fittings for drain tiles, as well as provides protection for external metal pipe surfaces from corrosion. **108 ft length - Available in 2" and 4" widths.**

FEATURES & BENEFITS

- Provides outstanding protection against sunlight, weather, acids, alkalies, corrosive salts and fumes, saltwater, animal and plant acids
- Permanently tacky adhesive bonds well to most surfaces over a wide temperature range
- Excellent low-temperature bonding
- Product is very conformable
- Maintains a watertight seal in all weather conditions
- Good tear characteristics

PROPERTIES

Property	Value
Temperature Rating - Max	105°C (176°F)
Temperature Range	-12°C to 105°C (176°F)
Thickness	8.5 mil
Color	Black
Adhesion To Steel (ASTM D-1000 78 72°F)	23 oz/in
Tensile Strength (ASTM D-1000 78 72°F)	23 lb/in
Elongation (ASTM D-1000 78 72°F)	200%

*Physical characteristics shown are averages from tests recommended by our own procedures.
A particular roll may vary slightly from these averages. The buyer should determine the suitability for his own use.*

APPLICATIONS

- Corrugated drain tiles
- PVC elbows and fittings
- Metal pipe surfaces and much more
