### Tapes Meet Or Exceed Industry Standards

#### A.P.W.A. Color Code Definitions

Blue	Water and associated lines, such as irrigation lines and lawn sprinkler systems
Yellow	Gas and associated lines, such as cathodic protection lines
Green	Sewer, sanitary and associated lines
Orange	Telephone, fiber optic and associated lines, such as CATV
Red	Electric and associated lines
Purple	Reclaimed Water

Tape used in utility construction, turf & irrigation, CATV, pipeline & mechanical contractors. Tape is detected from above ground with hand held non-ferrous locator. Lines can be located without expense of digging. One call systems industry & APWA specified.
