

## #108 - Premium UV Resistant Painters Tape

### DESCRIPTION & FEATURES:

#108 is a Painter’s Grade Masking tape with a specially formulated adhesive system that provides clean removal characteristics and UV resistance – up to 14 days of outdoor exposure. Special characteristic of the adhesive system is that the peel adhesion does not increase with time, allowing for removal off a wide variety of surfaces without surface damage. Suitable on Wood, vinyl, glass, painted surfaces, and trim work to name a few. *However, it must be tested for each specific application & conditions.* Higher tack adhesive formulation allows for tape to be used in NON-TRADITIONAL painting applications and industrial uses!

### PHYSICAL PROPERTIES

Backing	Saturated Blue Crepe Paper
Total Thickness	5.5 mil
Adhesion to SST	16 oz/in width
Adhesion to backing	23 oz/in width
Tensile strength	25 lb./inch
Elongation	7%

The physical and performance characteristics shown are averages obtained from tests recommended by ASTM, government agencies or our own procedures. A particular roll may vary slightly from these averages and it is recommended that the purchaser determine the suitability for his own purpose.
