

CLEAN ROOM TAPE

Electro Tape's 150C Series ISO 5 Class Clean Room Tape is classified under ISO 14644-1 standards, is designed for environments with stringent particle control, allowing no more than 3,520 particles ($\geq 0.5 \mu\text{m}$) per cubic meter. This makes it suitable for highly sensitive applications where contamination must be minimized. Wound on a 3" ID plastic core, and each roll meticulously wrapped in a clean room environment to ensure minimal contamination.

KEY APPLICATIONS FOR ISO 5 CLEAN ROOM TAPE:

- DATA CENTER PRODUCTION & MAINTENANCE
- SEMICONDUCTOR MANUFACTURING
- PHARMACEUTICAL AND BIOTECH LABS
- ELECTRONICS ASSEMBLY
- MEDICAL DEVICE MANUFACTURING
- OPTICS & PRECISION INSTRUMENTATION
- AEROSPACE & DEFENSE

SPECS:

Thickness: 6 mil

Tensile Strength: 14 lbs/in

Elongation: 150%

Adhesion: 18 oz/in

AVAILABLE SIZES:

1" x 36yd - 48/case

2" x 36yd - 24/case
