

UNDERGROUND DETECTABLE TAPES

BURIED GAS LINE BELOW (1)

Detectable warning tape marking buried natural gas lines. Prevents accidental damage during excavation.

BURIED WATER LINE BELOW (5)

Clear warning tape for buried potable water mains. Protects public drinking water infrastructure.

BURIED ELECTRICAL LINE BELOW (2)

High-visibility detectable tape identifying buried electric power lines. Essential for worker safety.

BURIED RECLAIMED WATER BELOW (7)

Detectable tape marking buried reclaimed/recycled water lines. Clearly distinguishes non-potable water systems.

BURIED FIRE PROTECTION LINE BELOW (9)

Detectable tape for buried fire suppression and hydrant lines. Protects critical fire protection systems.

BURIED SEWER LINE BELOW (8)

Warning tape for buried sanitary sewer lines. Helps avoid costly sewer line damage.

BURIED FIBER OPTIC LINE BELOW (3)

Warning tape marking buried fiber optic communication lines. Helps safeguard high-value data infrastructure.

BURIED FORCE MAIN LINE BELOW (0)

Detectable tape marking buried force mains (pressurized sewer lines). Critical for high-pressure wastewater systems.

BURIED TELEPHONE LINE BELOW (4)

Detectable tape identifying buried telephone and communication cables. Prevents service disruptions.

PRODUCT ID	SIZE	UNITS / CASE	BURIAL DEPTH
8452_	2" (50mm) x 1000 ft	12 / case	6" - 18"
8453_	3" (75mm) x 1000 ft	8 / case	6" - 28"
8456_	6" (150mm) x 1000 ft	4 / case	6" - 36"
